# PARKER HOMESTEAD METROPOLITAN DISTRICT 

## 2021 Budget Message

## Introduction

The District was formed in March of 2011 for the purpose of providing planning, design, acquisition, construction, installation, relocation and financing of streets, water system, sanitary sewer system, drainage and storm water improvements and parks and recreation improvements ("Public Improvements").

The 2021 budget was prepared in accordance with the Local Government Budget Law of Colorado. The budget reflects the projected spending plan for the 2021 fiscal year based on available revenues. This budget provides for the annual debt service on the District's general obligation debt, and the general operation of the District. The Board of Directors authorized adjustment of the District mill levy in accordance with the Colorado Constitution, Article X, Section 3 (the "Gallagher Adjustment"). The Gallagher Adjustment and the District's Service Plan authorize an adjustment of the Maximum Debt Mill Levy in the event that the method of calculating assessed valuation is changed after January 1, 2000, by any change in law, change in method of calculation, or in the event of any legislation or constitutionally mandated tax credit, cut, or abatement. The adjustment to the Maximum Debt Mill Levy is determined by the Board so that, to the extent possible, the actual tax revenues generated by the mill levy, as adjusted, are neither diminished nor enhanced as a result of such changes. The Colorado General Assembly passed House Bill 17-1349 setting the ratio of valuation for assessment for real residential property at $7.15 \%$ (decreased from $7.2 \%$ ) for property taxes commencing on and after January 1, 2019. In November 2020, voters agreed to Repeal the Gallagher Amendment by approving Amendment B. The Gallagher Adjustment for the District allows for a total mill levy imposition, as noted in the following paragraph, so the District's revenue is neither diminished nor enhanced.

The District's assessed value increased by $0.3 \%$ in 2020 to $\$ 14,366,690$ from $\$ 14,323,290$. The District certified 47.605 mills for taxes collected in the 2021 fiscal year with 3.586 mills dedicated to the General Fund and 44.019 mills dedicated to the Debt Service Fund.

## Budgetary Basis of Accounting

The District uses funds to budget and report on the financial position and results of operations. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain governmental functions. The various funds determine the total District budget. All of the District's funds are considered Governmental Funds and are reported using the current financial resources and the modified accrual basis of accounting. Revenues are recognized when they are measurable and available. Revenues are considered available when they are collectible within the current period. For this purpose, the District considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures, other than the interest on long-term obligations, are recorded when the liability is incurred or the long-term obligation paid.

## Fund Summaries

The General Fund is used to account for resources traditionally associated with government such as property taxes, specific ownership tax and expenditures which include District administration, legal services, developer repayments, and other expenses related to statutory operations of a local government.

The Debt Service Fund is used to account for property taxes and other revenues dedicated to pay the fiscal year's debt service which includes principal payments, interest payments, and administrative costs associated with debt obligations. In 2016, the District issued General Obligation Refunding and Improvement Bonds in the amount of \$8,300,000. In 2020, the District issued Taxable Converting to Tax-Exempt General Obligation Refunding Loan in the amount of $\$ 8,300,000$ at an initial taxable interest rate of $3.95 \%$, which will convert to a $3.17 \%$ tax exempt rate on September 1, 2021.

## Emergency Reserve

As required under Article X, Section 20 of the Colorado Constitution, the District has provided for an Emergency Reserve in the amount of 3 \% of the total fiscal year revenues in the General Fund.
